This newly built villa has been designed in classical style to make the most of its open country views. Located in the Gondra area of Quinta do Lago, the property is just a short walk from the Conrad Hotel, Quinta shopping, gym and restaurants. The villa is delightful and well presented. Recently constructed to a high standard this luxury villa has plenty of natural light throughout which gives the property a lovely light and airy ambience. The high ceilings and good circulation add to this feeling of openness.

Featuring four bedrooms, there is the option to create a further two, all with ensuite bathrooms. Within the villa you will also find a fantastic games and cinema room, gym and a Turkish bath.

The ample gardens are currently undergoing landscaping to make the most of the attractive flower beds, lemon, lime and orange trees. There are also water features within the garden which create the ideal area to relax outside in the sun.

The large villa is a wonderful opportunity for a family home in the Algarve or as an investment purchase in a central location.
